

How to acknowledge IDP2Biomed

All communication & dissemination materialism results, and products (e.g. conference paper, thesis, journal article, etc.) must include the acknowledgement of funding to the European Union.

Elements to be included are:

1. Acknowledgement (always)
2. Logos (when possible)

1. Acknowledgement:

“Funded by the European Union. HORIZON WIDERA 2023 IDP2Biomed - grant agreement No 101160233.”

Include also the following disclaimer (for publications it can be in a section other than the acknowledgement section):

Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency (REA). Neither the European Union nor the granting authority can be held responsible for them.

DO NOT CHANGE THE SENTENCES!

WHY? This sentence is used by the EU to track all the publications and output associated with the project.

If the acknowledgement is missing, the publication/software/output does not exist for the EU!

Remember that informing on the EU funding is one of our contractual obligations

1. Logos:

When possible the statement should be paired with:

- **IDP2Biomed**

- **EU funded logo (or co-funded!)**

Funded by
the European Union

Co-funded by the
European Union
